Exempt Organization Business
Income Tax Booklet

Members of the Franchise Tax Board

John Chiang, Chair

Judy Chu, Ph.D., Member

Michael C. Genest, Member

This booklet contains:

Form 109, California Exempt
Organization Business Income Tax
Return

STATE OF CALIFORNIA
FRANCHISE TAX BOARD

Instructions for Form 109

California Exempt Organization Business Income Tax Return

References in these instructions are to the Internal Revenue Code (IRC) as of **January 1, 2005**, and to the California Revenue and Taxation Code (R&TC).

What's New

Net Operating Loss – For taxable years beginning in 2008 and 2009, California has suspended the net operating loss (NOL) carryover deduction. Organizations may continue to compute and carryover an NOL during the suspension period. **However**, organizations with taxable income of less than \$500,000 or with disaster loss carryovers are not affected by the NOL suspension rules.

Also, NOL carrybacks, NOL carryovers, and the number of taxable years to which the loss may be carried, are modified. For more information, see form FTB 3805Q, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations – Corporations or form FTB 3805V, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitations – Individuals, Estates and Trusts.

Business tax credit limitation – For taxable years beginning on or after January 1, 2008, and before January 1, 2010, there is a limitation on the application of business tax credits for organizations whose net business income is \$500,000 or more. The limitation is equal to 50% of the net tax before the application of any credits.

Rice Straw Credit – For taxable years beginning on or after January 1, 2008, the Rice Straw Credit has expired. Unused carryover credits are taken on form FTB 3540, Credit Carryover Summary.

Estimated Tax Payments – Installments due for each taxable year beginning on or after January 1, 2009, are now required to be 30% of the required estimated tax liability for the 1st and 2nd required installments and 20% of the required estimated tax liability for the 3rd and 4th required installments. Prior to this law change, installments were made in four equal (25%) payments.

Organizations with adjusted gross income over \$1,000,000 may no longer compute estimated tax payments based on 100% of the tax shown on the return of the preceding year.

Organizations with a tax liability less than \$500 do not need to make estimated tax payments.

Third Party Designee – For taxable years beginning on or after January 1, 2008, the organization can designate a third party to discuss the tax return with the Franchise Tax Board (FTB). For more information, see Specific Line Instructions, on page 6.

General Information

In general, California law conforms to the Internal Revenue Code (IRC) as of January 2005. However, there are continuing differences between California and federal law. When California conforms to federal tax law changes, we do not always adopt all of the changes made at the federal level. For more information, go to our website at ftb.ca.gov and search for **conformity**. Additional information can be found in FTB Pub. 1001, Supplemental Guidelines to California Adjustments, the instructions for California Schedule CA (540 or 540NR), and the Business Entity tax booklets.

The instructions provided with California tax forms are a summary of California tax law and are only intended to aid taxpayers in preparing their

state income tax returns. We include information that is most useful to the greatest number of taxpayers in the limited space available. It is not possible to include all requirements of the California Revenue and Taxation Code (R&TC) in the tax booklets. Taxpayers should not consider the tax booklets as authoritative law.

California Acknowledgement of Tax-Exempt Status

Effective January 1, 2008, California R&TC 23701d allows organizations that have obtained a federal determination letter of tax-exempt status under Internal Revenue Code (IRC) Section 501(c)(3), to receive California tax-exempt status. See form FTB 3500A for additional instructions.

Reportable Transactions

If the organization was involved in a reportable transaction, including a listed transaction, the organization may have a disclosure requirement. Attach the federal Form 8886, Reportable Transaction Disclosure Statement, to the back of the California return along with any other supporting schedules. If this is the first time the reportable transaction is disclosed on the return, send a duplicate copy of the federal Form 8886 to the address below. The FTB may impose penalties if the organization fails to file federal Form 8886, or any other required information.

ATSU 398 MS F385
FRANCHISE TAX BOARD
PO BOX 1673
SACRAMENTO CA 95812-9900

For more information, go to our website at ftb.ca.gov and search for **tax shelter**.

Round Cents to Dollars – Round cents to the nearest whole dollar. For example, round \$50.50 up to \$51 or round \$25.49 down to \$25. If you do not round, the FTB will disregard the cents.

A Purpose

A tax-exempt organization that regularly carries on a trade or business not substantially related to its exempt purpose may be required to pay tax on the unrelated trade or business income that results from such activity. Use Form 109, California Exempt Organization Income Tax Return, to figure the tax on the unrelated business income of the organization.

Filing Form 109 does not replace the requirement to file Form 199, California Exempt Organization Annual Information Return. State and federal laws are generally the same in this area. Get federal Form 990-T, Exempt Organization Business Income Tax Return, and instructions for detailed information.

B Unrelated Trade or Business

Unrelated trade or business is any regularly carried on trade or business that is not substantially related to the organization's exempt purpose or function, or to exercising or performing any purpose or function described in R&TC Section 23701.

Exceptions: An unrelated trade or business does not include:

- An activity where substantially all the work in carrying on the trade or business is performed by volunteers (without compensation).

- An activity that is carried on by an R&TC Section 23701d organization primarily for the convenience of its members, students, patients, officers, or employees.
- An activity that is carried on by a local association of employees described in R&TC Section 23701f, organized before May 27, 1969, such as selling work-related clothes, equipment, and items normally sold through vending machines, snack bars, etc., for the convenience of its members at their usual workplace.
- The sale of merchandise that was donated to the organization.

For additional information, see IRC Section 513.

Unrelated Business Taxable Income

Unrelated business taxable income is the gross income derived from any regularly carried on unrelated trade or business less the deductions that are directly connected with carrying on the unrelated trade or business.

In the case of an organization that regularly conducts two or more unrelated business activities, unrelated business taxable income is the sum of gross income from all such unrelated business activities, less the sum of the deductions that are directly connected with carrying on the unrelated trade or business.

Expenses, depreciation, and similar items that arise from conducting the exempt function are not deductible in computing unrelated business taxable income. However, expenses directly connected with unrelated business income are deductible (see Specific Line Instructions for Side 2, Part I and Part II, Unrelated Business Taxable Income, line 20, for the exception concerning contributions).

For additional information, see IRC Section 512.

C Exclusions

Items excluded from unrelated business taxable income are:

1. Dividends, interest, annuities, and deductions directly connected with such income. However, unrelated debt-financed income and income derived from controlled organizations is taxable, whether or not the activities that produced such income represent a regularly carried on trade or business.
2. Royalties (including overriding royalties) and deductions directly connected with such income. Mineral royalties are excluded whether measured by production or by gross or taxable income from the mineral property. However, where the organization owns a working interest in a mineral property and is not relieved of its share of the development costs by the terms of any agreement with an operator, income received from the working interest cannot be excluded. Debt-financed royalty income is taxable whether or not the organization owns a working interest in the property.
3. Rents from real property (including elevators and escalators) and rents from personal property leased with such real property and deductions directly connected with such rents.

Rents attributable to personal property must be an incidental amount of the total rents received or accrued under the lease determined at the time when the property is first subject to use by the lessee. Rents attributable to personal property generally are not an incidental amount of the total rents if the rents attributable to personal property exceed 10% of the total rents from all the property leased. See Federal Income Tax Regulation Section 1.512(b)(1)(c)(3)(iii) regarding multiple leases.

The exclusion will not apply if such rents are derived from a controlled organization or the property leased is debt-financed property. If the rents are derived from the leasing of debt-financed property to a controlled organization, the taxation of rents is first considered under the controlling organization rules. Only the untaxed portion of rents is subject to the unrelated debt-financed income rules.

4. Gains or losses from the sale, exchange, or other disposition of property, except:
 - a. Stock in trade or other property that would be includible in inventory if on hand at the close of the taxable year.
 - b. Property held primarily for sale to customers in the ordinary course of the trade or business, or real property and all gains or losses from the forfeiture of good-faith deposits (that are consistent with established business practice) for the purchase, sale, or lease of real property in connection with the organization's investment activities as described in IRC Section 512. The cutting of lumber is considered a sale or exchange of such timber and results in unrelated business taxable income. (See Specific Line Instructions for Side 2, Part I and Part II, Unrelated Business Taxable Income, lines 4a, 4b, and 4c, for treatment of capital gains or ordinary losses).
 - c. Certain gains on debt-financed and depreciable property.
5. The income and deductions resulting from:
 - a. Organizations performing research for the government.
 - b. A college, university, or hospital performing research for any person.
 - c. Organizations operating primarily for fundamental research.
6. Certain investment income for pension funds. These include:
 - a. The gains or losses on the lapse or termination of securities options (IRC Section 512(b)(5)).
 - b. Loan commitment fees (IRC Section 512(b)(1)).
 - c. The gains from the sale, exchange, or disposition of real property and mortgages acquired from financial institutions in conservatorship or receivership (IRC Section 512(b)(16)).
7. Annual dues not exceeding \$100 paid to an agricultural or horticultural organization described in IRC Section 512(d).

Exception

The exclusion rules described above do not apply to social and recreational clubs (R&TC Section 23701g), voluntary employees' beneficiary associations (R&TC Section 23701i), and supplemental unemployment compensation benefits trusts (R&TC Section 23701n).

California law is the same as federal law for organizations described in IRC Section 501(c)(7) or 501(c)(9).

Controlled organization means in the case of:

- A Stock Corporation - ownership (by vote or value) of more than 50% of stock in the corporation.
- A Partnership - ownership of more than 50% of the profits, interest, or capital interests in the partnership.
- Any other Case - ownership of more than 50% of the beneficial interest in the entity.

D Exempt Function Income

Exempt function income is any of the following:

- a. The amount derived from dues, fees, charges, or similar amounts of gross income from members.
- b. The amount (other than gross income derived from any unrelated trade or business that is regularly carried on) set aside for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals.
- c. In the case of an organization described in R&TC Section 23701i, the amount set aside for the payment of life, sick, accident, or other benefits.

E Income to Be Reported

Corporations and Associations

Report all income from an unrelated trade or business whether derived from sources within or outside California.

Apportion all unrelated business income attributable to sources both within and outside California. See the instructions for Side 1, line 2, and Schedule R, Apportionment Formula Worksheet on Side 3.

Trusts

Report all income from an unrelated trade or business derived from sources within California. If income is derived from sources outside California and one or more trustees are residents, report the proportion of income that the resident trustees bear to the total of all trustees.

At-Risk Provisions

For the rules limiting a loss to the amount at risk for certain trade or business and production of income activities, get federal Form 6198, At-Risk Limitations.

Passive Activity Loss and Credit Limitation

For California purposes, the passive loss rules of IRC Section 469 (except for IRC Section 469(c)(7)) apply to closely held corporations, S corporations, personal service corporations, and trusts. Organizations subject to passive loss rules must complete form FTB 3801, Passive Activity Loss Limitations, or form FTB 3802, Corporate Passive Activity Loss and Credit Limitations, to figure their allowable passive activity loss.

An organization subject to the passive activity loss limitations may also be required to adjust credits attributable to passive activities on form FTB 3801 CR, Passive Activity Credit Limitations, or form FTB 3802.

If a passive activity is also subject to the at-risk rules of IRC Section 465, the at-risk rules apply before the passive loss rules apply. Get federal Publication 925, Passive Activity and At-Risk Rules.

F Who Must File

Every organization with California tax-exempt status must file Form 109 if the gross income from an unrelated trade or business is more than \$1,000. See General Information B, Unrelated Trade or Business.

Exceptions

A tax-exempt organization is not required to file Form 109 if all of the following apply:

- It is formed to carry out a function of the state.
- It is carrying out that function.
- It is controlled by the state.

Exempt homeowners' associations and exempt political organizations that have a taxable income over \$100 must file Form 100, California Corporation Franchise or Income Tax Return.

G Mailing Addresses

Mail returns with payment to:

FRANCHISE TAX BOARD
PO BOX 942857
SACRAMENTO CA 94257-0701

Mail refund returns or returns without a payment to:

FRANCHISE TAX BOARD
PO BOX 942857
SACRAMENTO CA 94257-0700

Private delivery services cannot deliver items to PO boxes. If using one of these services to mail any item to the FTB, **DO NOT** use an FTB PO box.

FRANCHISE TAX BOARD
SACRAMENTO CA 95827

If the organization files more than one return, use separate envelopes and checks or money orders to make sure the returns and payments are processed correctly.

H When to File

Generally, Form 109 is due on or before the 15th day of the 5th month following the close of the taxable year. An employees' trust defined in IRC Section 401(a) an IRA, or a Coverdell ESA must file Form 109 by the 15th day of the 4th month after the end of the taxable year.

U.S. Post Office

Official U.S. Post Office postmarks are considered primary evidence of the date of filing of income tax documents and payments. Postage meter dates are not considered proof of filing on the date shown.

Private Delivery Services

California conforms to federal law regarding the use of designated private delivery services to meet the "timely mailing as timely filing/paying" rule for tax returns and payments. See the federal instructions for Form 990-T, for a list of designated delivery services.

I Extension of Time to File Return

If Form 109 cannot be filed by the due date, the exempt organization has seven additional months to file without filing a written request for extension. However, an organization that is not in good standing or is suspended on the original due date of the return will not be given an extension of time to file. To avoid late payment penalties, the organization must pay 100% of the tax liability by the original due date of the return.

If an extension of time is needed, and an unpaid tax liability is owed, get form FTB 3539, Payment for Automatic Extension for Corporations and Exempt Organizations.

If the return is not filed by the extended due date, a delinquent filing penalty is charged from the original due date of the return.

J Tax Rates

Corporations and Associations

The tax rate imposed on the unrelated business income of an incorporated exempt organization or association treated as a corporation is 8.84%. The alternative minimum tax (AMT) rate is 6.65%.

Any organization determined to be exempt from income or franchise tax by the FTB does not owe the minimum franchise tax.

Trusts

See the Tax Rate Schedule for Trusts on page 14.

K Payment of Tax

The tax due (total tax minus amounts previously paid) must be paid in full by the original due date of the return. Any credit or payment should be claimed on the return and considered in computing the tax due with the return. Get instructions for Form 100-ES, Corporation Estimated Tax, for information regarding how and when to pay estimated tax. Trusts completing Form 100-ES use the Tax Rate Schedule for Trusts on page 14 to figure the correct amount of tax.

Electronic Funds Transfer (EFT)

Organizations that meet certain requirements must remit all of their payments through EFT rather than by paper checks to avoid the EFT penalty. Organizations that remit an estimated tax payment or extension payment in excess of \$20,000 or that have a total tax liability in excess of \$80,000 must remit all of their payments through EFT. The FTB will notify organizations that are subject to these requirements. Organizations that do not meet these requirements and wish to participate on a voluntary basis may do so. For more information, go to our website at ftb.ca.gov and search for EFT, call 916.845.4025, or get FTB Pub. 3817, Electronic Funds Transfer Program Information Guide.

L California Use Tax

The use tax has been in effect in California since July 1, 1935. It applies to purchases from out-of-state or Internet sellers and is similar to the sales tax paid on purchases made in California.

In general, exempt organizations must pay California use tax on purchases made from out of state (for example, by telephone, over the Internet, by mail, or in person) if:

- The seller does not collect California sales or use tax.
- The organization uses, gives away, stores, or consumes the item in this state.

Example: The exempt organization purchases a conference table from a company in North Carolina. The company ships the table from North Carolina to the organization's office in California for its use and does not charge California sales or use tax. The organization owes use tax on the purchase.

Complete the Use Tax Worksheet on page 5 to calculate the amount due.

Extension to file. If the exempt organization requests an extension to file its tax return, wait until the exempt organization files its tax return

to report the purchases subject to use tax and to make the use tax payment.

Penalty. To avoid late payment penalties for use tax, the organization must report and pay the use tax with a timely filed income tax return.

Changes in use tax reported. Do not file an amended return to revise use tax previously reported. If the exempt organization has changes to the amount of use tax reported on its original return, contact the State Board of Equalization.

For assistance, go to the State Board of Equalization's website at boe.ca.gov, or call their Taxpayer Information Section at 800.400.7115 or TTY/TDD 800.735.2929. Income tax information is not available at these numbers.

M Penalties and Interest

Late Filing of Return

Any organization that fails to file a return on or before the extended due date may be assessed a penalty. The penalty cannot exceed 25% of the unpaid tax.

Late Payment of Tax

Any organization that fails to pay the total tax shown on the return by the original due date is assessed a penalty of five percent of the unpaid tax, plus 0.5% for each month, or part of a month (not to exceed 40 months), that the tax remains unpaid. This penalty cannot exceed 25% of the unpaid tax.

The late payment penalty may be waived where 90% of the tax shown on the return is paid by the original due date of the return. If an organization is subject to both the penalty for failure to file a timely return and the penalty for failure to pay the total tax by the due date, a combination of the two penalties may be assessed, but the total will not exceed 25% of the unpaid tax.

Underpayment of Estimated Tax

Any organization that fails to pay or underpays an installment of estimated tax is assessed a penalty. The penalty is computed as a percentage of the underpayment for the underpayment period. Get form FTB 5806, Underpayment of Estimated Tax by Corporations, to determine both the amount of underpayment and the amount of penalty.

If the organization uses Exception B, tax on annualized income, or Exception C, tax on annualized seasonal income, to compute or eliminate the penalty for any of the four installments, a completed form FTB 5806 must be attached to the front of the return.

EFT Penalty

If the organization meets the requirements of the EFT program, all payments must be made through EFT. Payment by other means will result in a penalty of 10% of the amount paid. For more information, see General Information K, Payment of Tax, or get FTB Pub. 3817, Electronic Funds Transfer Program Information Guide, or call the FTB at 916.845.4025.

Interest

Interest is due and payable on any tax due that is not paid by the original due date of the return. An extension of time to file a return does not stop interest from accruing.

N Net Operating Loss (NOL)

If the organization's unrelated business taxable income is \$500,000 or more, the NOL deduction is suspended for the 2008 and 2009 taxable years. For more information, get form FTB 3805Q, Net Operating Loss (NOL) Computation and

NOL Disaster Loss Limitations — Corporations; form FTB 3805V, Net Operating Loss (NOL) Computation and NOL and Disaster Loss Limitation — Individuals, Estates, and Trusts; form FTB 3805Z, Enterprise Zone Business Booklet; form FTB 3807, Local Agency Military Base Recovery Area Business Booklet; form FTB 3809, Targeted Tax Area Business Booklet; and form FTB 3805D, Net Operating Loss (NOL) Carryover Computation and Limitation — Pierce's Disease.

O Alternative Minimum Tax (AMT)

California law is generally the same as federal law regarding AMT. AMT is reported on Side 1, line 13. Trusts subject to AMT must file Schedule P (541), Alternative Minimum Tax and Credit Limitations — Fiduciaries. Corporations and unincorporated associations subject to AMT must file Schedule P (100 or 100W), Alternative Minimum Tax and Credit Limitations — Corporations.

P Information Returns

The organization must file federal Form 1099 series information returns with the FTB as well as the IRS to report certain payments made or received by the organization. Reportable payments include, but are not limited to:

- **All amounts paid** to an attorney whether or not the services are performed for the payer, and all amounts paid by a broker or barter exchange.
- **Payments exceeding \$10** annually for interest (earned) and dividends.
- **Payments exceeding \$600** annually for compensation for services that are not subject to withholding, commissions, fees, prizes and awards, payments to independent contractors, rents, royalties, legal services (whether or not the payee is incorporated), interest (such as interest charged for late payment), and pensions.
- **Cash payments over \$10,000** received in a trade or business.

For more information, see the IRS General Instructions for Forms 1098, 1099, 5498, and W-2-G; federal Publication 1220, Specifications for Filing Forms 1098, 1099, 5498 and W-2G Electronically or Magnetically; FTB 4227A, Guide to Information Returns Filed With California; and form FTB 8305, Reporting Requirements for Forms 1098, 1099, 5498, W-2G.

Q Federal Form 990-T

Refer to the Instructions for federal Form 990-T, Schedule E for more information regarding:

1. Debt-financed property.
2. Allocation rules for debt-financed property.
3. Acquisition indebtedness.
4. Average acquisition indebtedness.
5. Average adjusted basis.
6. Adjusted basis of property.

For the special rules for holding companies, R&TC Sections 23701h and 23701x and IRC Sections 501(c)(2) and 501(c)(25), see federal Form 990-T, General Instructions for Consolidated Returns.

Specific Line Instructions

Accounting Period

File form 109 for taxable years beginning in 2008. Fiscal year filers complete the tax year information on the top of side 1. Include the month, day, and year for that taxable period.

Entity Information

Provide the following:

- California Corporation or Organization number (seven digits).
- Federal Employer identification number (FEIN)
- Organization's legal name
- Address

Private Mail Box (PMB) – Include PMB number in the address field. Write "PMB" first, then the box number. Example: 111 Main Street PMB 123.

Question F – Accounting Method

Use the same method the organization uses for maintaining its books and records to compute taxable income.

Line 2 – Apportionment Formula

Unrelated business income of corporations and associations attributable to sources within and outside California is apportioned. Use Schedule R, Apportionment Formula Worksheet, located on Side 3 of the Form 109, to determine the apportionment percentage.

Line 7 – Net Operating Loss Deduction

Attach the appropriate form to Form 109. See General Information N, Net Operating Loss Deduction for more information.

Line 16 – 2008 Estimated Tax

Enter the total amount of estimated tax payments made during the 2008 taxable year on this line.

Line 17 – 2008 Nonresident or real estate withholding

Enter the 2008 nonresident or real estate withholding credit from Form(s) 592-B, Resident and Nonresident Withholding Tax Statement, Form 593, Real Estate Withholding Tax Statement, or Form 594, Notice to Withhold Tax at Source. Attach a copy of the forms(s) to the lower front of Form 109, Side 1.

Line 20 And Line 21 – Tax Due/Overpayment

Add to the amount of tax due or overpayment, as appropriate, the amount from Schedule K, line 5. See Schedule K Instructions for more information.

Line 23 – Use Tax

As explained under General Information L, California use tax applies to purchases from out-of-state sellers (for example, purchases made by telephone, over the Internet, by mail, or in person).

The exempt organization may report use tax on Form 109, instead of filing a use tax return with the State Board of Equalization. To report use tax on the exempt organization's income tax return, complete the Use Tax Worksheet on this page. For questions on whether a purchase is taxable, go to the State Board of Equalization's website at boe.ca.gov, or call their Taxpayer Information Section at 800.400.7115 or TTY/TDD 800.735.2929.

If the exempt organization owes use tax but the exempt organization does not report it on its tax return, the exempt organization must report and pay the tax to the State Board of Equalization. To do so, download a copy of Publication 79-B, California Use Tax, from boe.ca.gov or request a copy by calling their Taxpayer Information Section.

Use Tax Penalty

Failure to timely report and pay the use tax due may result in the assessment of penalties.

Businesses that have a California seller's permit must continue to report business purchases subject to use tax on their sales and use tax returns.

Use Tax Worksheet

Round all amounts to the nearest whole dollar.

1. Enter purchases from out-of-state or Internet sellers made without payment of California sales or use tax. See worksheet instructions below. \$.00
2. Enter the decimal equivalent of the applicable sales or use tax rate. See worksheet instructions below.
3. Multiply line 1 by the tax rate on line 2. Enter result here. \$.00
4. Enter any sales or use tax you paid to another state for purchases included on line 1. See worksheet instructions below. \$.00
5. Total Use Tax Due. Subtract line 4 from line 3. Enter the amount here and on Form 109, line 23. If the amount is less than zero, enter -0- \$.00

Worksheet, Line 1, Purchases Subject to Use Tax

- Report items that would have been taxable in a California store, such as office equipment and supplies.
- Include handling charges.
- Do not include any other state's sales or use tax paid on the purchases.
- Enter only purchases made during the year that corresponds with the tax return you are filing.

Report and pay any use tax the exempt organization owes on the following purchases to the State Board of Equalization, not on the California Exempt Organization Business Income Tax Return.

- Vehicles, vessels, and trailers that must be registered with the Department of Motor Vehicles.
- Mobile homes or commercial coaches that must be registered annually as required by the Health and Safety Code.
- Vessels documented with the U.S. Coast Guard.
- Aircraft.
- Leases of machinery, equipment, vehicles, and other tangible personal property.

Worksheet, Line 2, Sales and Use Tax Rate

- Enter the decimal equivalent of the sales and use tax rate applicable to the place in California where the property is used, stored, or otherwise consumed. For example, the decimal equivalent of 7.25% is 0.0725, and the decimal equivalent of 7.375% is 0.07375.
- If the organization does not know the applicable rate, see the table below, "Sales and Use Tax Rates by County." If the organization has questions regarding the use tax rate in effect in your area, go to the State Board of Equalization's website at boe.ca.gov or call their Taxpayer Information Section at 800.400.7115 or TTY/TDD 800.735.2929.

Worksheet, Line 4, Credit for Tax Paid to Another State

- This is a credit for tax paid to other states. The organization cannot claim a credit greater than the amount of tax that would have been due if the purchase had been made in California. For example, if the organization paid \$8.00 sales

tax to another state for a purchase, and would have paid \$6.00 in California, it can claim a credit of only \$6.00 for that purchase.

Sales and Use Tax Rates by County
(includes state, local, and district taxes)

Nevada ¹	7.375%	Yuba	7.25%

1. Many cities in California impose a district tax which results in a higher sales and use tax rate than in other parts of the county. If you are reporting an item that was purchased for use in one of these counties, please check the following city list to see if a higher rate applies to your city. The tax rates shown apply if you live within the city limits of the listed community.

County	City	Citywide Rate
Colusa	Williams	7.75%
Contra Costa	El Cerrito (effective 7/1/08) ⁵	8.75%
Contra Costa	Pinole	8.75%

12. The tax rate in Pacific Grove prior to October 1, 2008, was 7.25%.
13. The tax rate in Pismo Beach prior to October 1, 2008, was 7.25%.

Line 24 – Refund Direct Deposit of Refund (DDR)

Direct deposit is fast, safe, and convenient. To have the refund directly deposited into the exempt organization's bank account, enter the account information on Form 109, Side 1, lines 24a, 24b, and 24c. Be sure to fill in **all** the information for these lines.

Do not attach a voided check or deposit slip. The following illustration shows which bank numbers to transfer to the preprinted areas on Form 109, Side 1.

Caution Flag: Check with your financial institution to make sure your deposit will be accepted and to get the correct routing and account numbers. The FTB is not responsible for a lost refund due to incorrect account information entered by you or your representative.

To cancel the DDR, call the FTB at 916.845.0353. If the direct deposit is rejected, the FTB will issue a paper check.

Line 25 and 26 – Penalties and Interest

Check the box on line 26 and attach a completed form FTB 5806 only if Exception B, tax on annual income, or Exception C, tax on annualized seasonal income, is used in computing the penalty.

Line 27 – Total Amount Due – Organizations required to pay by EFT must remit the amount due by EFT. See General Information K, Payment of Tax.

Signature

Corporations and Associations – A corporate officer such as the president, vice president, treasurer, assistant treasurer, chief accounting officer, or trustee must sign the return.

Trusts – The individual fiduciary or authorized officer of the trust receiving or having custody or control and management of the income of the trust must sign the return. If two or more individuals act jointly as fiduciaries, the return may be signed by either individual. A receiver, trustee, or assignee must sign any return filed on behalf of the organization.

Third Party Designee

If the organization wants to allow the FTB to discuss its 2008 return with the paid preparer who signed it, check the "Yes" box in the signature area of the return. This authorization applies only to the individual whose signature

appears in the "Paid Preparer's Use Only" section of the return. It does not apply to the firm, if any, shown in that section.

If the "Yes" box is checked, the organization is authorizing the FTB to call the paid preparer to answer any questions that may arise during the processing of its return. The organization is also authorizing the paid preparer to:

- Give the FTB any information that is missing from the return.
- Call the FTB for information about the processing of the return or the status of any related refund or payments.
- Respond to certain FTB notices about math errors, offsets, and return preparation.

The organization is not authorizing the paid preparer to receive any refund check, bind the organization to anything (including any additional tax liability), or otherwise represent the corporation before the FTB.

The authorization will automatically end no later than the due date (without regard to extensions) for filing the organization's 2009 tax return. If the organization wants to expand the paid preparer's authorization, see form FTB 3520, Power of Attorney Declaration for the Franchise Tax Board. If the organization wants to revoke the authorization before it ends, notify the FTB in writing or call 800.852.5711.

Part I and Part II — Unrelated Business Taxable Income

Line 1 – Gross Receipts or Sales

Enter the gross income from any unrelated trade or business regularly carried on that involves the

sale of goods or performance of services. If the activity is a type includible in Schedule C through Schedule H, report it on the appropriate schedule and corresponding line of Part I instead of on line 1. For example, an exempt social club reports its restaurant and bar receipts from nonmembers on line 1 but would report its investment income on Schedule E and on Part I, line 8.

Line 4(a), Line 4(b), and Line 4(c) – Net gain or loss from the sale of capital assets and ordinary gains and losses

Corporations and Associations

California law requires recognition of capital gains and losses for corporations and associations. R&TC Section 24990 places these gains and losses into long-term and short-term categories. California conformed to the federal law that limits the deduction of capital losses to the amount of capital gains and allows excess losses to be carried forward for five years. However, California does not allow loss carrybacks.

The rules relating to debt-financed property do not apply to an R&TC Section 23701g or 23701i organization, and Schedule D should be completed without regard to those rules. However, see IRC Section 512(a)(3) for nonrecognition of gain in certain cases.

Trusts

Enter on Form 109, Side 2, Part I, line 4(a), the computation of the **net capital gain** income reported on Schedule D (541) Capital Gain or Loss. Attach a copy of that schedule to Form 109.

Enter on Form 109, Side 2, Part I, line 4(b), the computation of **ordinary gains and losses** reported

on Schedule D-1, Sales of Business Property. Attach a copy of that schedule to Form 109.

If a trust has a **net capital loss**, it is subject to the limitations in Schedule D (541). Enter on Form 109, Side 2, Part I, line 4(c), the computation of ordinary gains and losses reported on Schedule D (541). Attach a copy of that schedule to Form 109.

Line 5 – Income (or Loss) from partnerships, limited liability companies, or S corporations

If the organization is a partner in a partnership, a member in a limited liability company, or a shareholder in an S corporation carrying on an unrelated trade or business, enter the organization's share (whether or not distributed) of the gross income and deductions from the unrelated trade or business. See federal Form 990-T, Specific Instructions for Part I, line 5, for information regarding the treatment of income from publicly traded partnerships.

Line 14 through Line 25 – Deductions not Taken Elsewhere

Enter only the expenses for each item directly connected with unrelated trade or business activities and contribution deductions that may be deducted from unrelated business income.

No expense reported on Schedule A or Schedule C through Schedule H is included in Part II, other than excess advertising costs entered on line 27. For example, officers' compensation allocable to advertising income is reported on Schedule H only and is not entered on Part II, line 14.

Where the facilities or personnel used both to carry on the exempt function and to conduct unrelated trade or business activities, cost of goods sold, depreciation, and similar expenses attributable to such facilities or personnel (e.g., overhead) must be allocated between the two uses on a reasonable basis. Attach a schedule showing the allocation of the expenses between the two uses.

Line 14 – Compensation of officers, directors, and trustees

Complete Schedule I from Side 5, and enter the amount on line 14 of Side 2.

Line 20 – Contributions

Attach a detailed schedule showing the name of each organization and the amount paid. If a contribution is made in property other than money, state the kind of property contributed and the method used to determine its fair market value.

If a charitable contribution deduction is allowed by reason of a sale of property to a charitable organization, the adjusted basis for determining the gain from the sale is an amount that is in the same ratio to the adjusted basis as the amount realized is to the fair market value of the property. See IRC Section 1011(b).

Corporations and Associations

Enter charitable contributions or gifts actually paid within the taxable year to or for the use of charitable and governmental organizations described in R&TC Section 24359.

The amount claimed cannot exceed 10% of the unrelated business taxable income computed without regard to this deduction.

This deduction is allowed whether or not directly connected with the carrying on of a trade or business. Attach a declaration, signed by an officer or other authorized person, to the tax return stating that the resolution authorizing the contribution was adopted by the board of directors or other governing body.

Trusts

Enter charitable contributions or gifts actually made within the taxable year to or for the use of charitable and governmental organizations described in IRC Section 170. See the instructions for federal Form 990-T for limitations on amounts of contributions you may claim.

Line 21, Line 21a, and Line 21b – Depreciation

Corporations and Associations

California law is generally the same as federal law with the exceptions noted below:

1. California has not adopted the federal Modified Accelerated Cost Recovery System (MACRS).
2. California prohibits the use of the 20% ADR ranges. Only the mid-range asset guideline period is allowed.
3. California allows the special additional first-year depreciation. R&TC Section 24356 in lieu of IRC Section 179.

California law and federal law are the same regarding the computation of depreciation under the income forecast method and the amortization of reforestation expenses over seven years.

Complete Schedule J on Side 5 and enter the amount on line 21a. Enter any depreciation claimed on Schedule A on line 21b.

Trusts

In 1987, California changed the rules for depreciation by conforming to the federal MACRS. The California MACRS applies to assets placed in service on or after January 1, 1987.

Complete form FTB 3885F, Depreciation and Amortization, to figure the difference between state and federal depreciation. Enter the total from form FTB 3885F, line 6 on Form 109, Part II, line 21a, and attach form FTB 3885F to Form 109.

Subtract line 21b from line 21a. Enter the amount on Line 21.

Line 22 – Depletion

California law is the same as federal law.

If a deduction is claimed for timber, attach an explanatory statement.

Line 23b – Employee Benefit Programs

Enter the amount of the organization's contributions to employee benefit programs that are not an incidental part of a deferred compensation plan included on line 23a. Contributions to employee benefit programs that are reported on this line include contributions to insurance, health, and welfare programs.

Line 29 – Specific Deduction

The law provides for a specific deduction of \$1,000 from unrelated business income. Only one specific deduction of \$1,000 is allowed regardless of the number of unrelated businesses. However, a diocese, province of a religious order or convention, or association of churches is allowed one specific deduction for each parish, individual church district, or other local unit that regularly conducts an unrelated trade or business. This applies only to such units that are not separate legal entities, but are components of a larger entity (diocese, province, convention, association, etc.). Each specific deduction is equal to the lesser of: (a) \$1,000; or (b) the gross income from any unrelated trade or business regularly carried on by the local unit.

Schedule B — Tax Credits

A variety of credits are available to exempt organizations to reduce tax on unrelated business income. However, the amount of some credits

may be limited. Corporations and trusts must complete Schedule P (100 or 541), Alternative Minimum Tax and Credit Limitations, to compute this limitation. Generally, if the organization completed federal Form 4626 Alternative Minimum Tax - Corporations or Form 1041 Schedule I - Alternative Minimum Tax, it must also complete Schedule P (100 or 541).

Certain credits are not subject to the tentative minimum tax or the AMT Limitations. Get Schedule P (100 or 541) for more information.

To figure credits, use the appropriate form or schedule as indicated on the credit chart on page 15. Then complete either Side 3, Schedule B, or Schedule P (100 or 541), whichever is appropriate. Transfer the credits from Side 3, Schedule B, line 4, or from Schedule P (100 or 541) to Form 109, Side 1, Line 11.

Attach all credit forms, schedules, or statements and Schedule P (100 or 541), if applicable, to Form 109.

If the organization claims a credit carryover for a repealed credit, use form FTB 3540, Credit Carryover Summary, to figure the amount of the credit, unless the organization is required to complete Schedule P. In that case, enter the amount of the credit on Schedule P (100 or 541), Part II, Section B or Section C and do not attach form FTB 3540.

If the organization claims a credit with carryover provisions and the amount of the credit available this year exceeds the tax, the organization may carry over any excess credit to future years until the credit is used or until the carryover period expires, whichever occurs first.

Schedule K — Add-On Taxes or Recapture of Tax

Complete Schedule K if the organization is required to include installment payments of add-on taxes from any of the following:

- Interest computed under the look-back method for completed long-term contracts.
- Interest on tax attributable to installment sales of certain property or use of the installment method for non-dealer installment obligations.
- IRC Section 197(f)(9)(B)(ii) election to recognize gain on the disposition of an IRC Section 197 intangible.
- Credit amounts to recapture.

Enter the amount of tax due or overpayment from Schedule K, line 5, on Form 109, Side 1, line 20 or 21, as appropriate.

Long-term contracts

If the organization must compute interest under the look-back method for completed long-term contracts, complete and attach form FTB 3834, Interest Computation Under the Look-Back Method for Completed Long-Term Contracts. Include the amount of interest the organization owes or the amount of interest to be credited or refunded on Schedule K, line 1.

Interest on tax attributable to payments received on installment sales of certain timeshares and residential lots under IRC Section 453

If the organization elected to pay interest on the amount of tax attributable to payments received on installment obligations arising from the disposition of certain timeshares and residential lots under IRC Section 453, it must include the interest on Schedule K, line 2a. For the applicable interest rates, get FTB Pub. 1138, Business Entity Refund/Billing Information. Attach

a schedule showing the computation. See R&TC Section 17560(d) and 24667(e).

Interest on tax deferred under the installment method for certain non-dealer installment obligations

If an obligation arising from the disposition of property to which IRC Section 453A applies is outstanding at the close of the year, the organization must include the interest due under IRC Section 453A on Schedule K, line 2b. For the applicable interest rate, get FTB Pub. 1138. Attach a Schedule showing the computation. See R&TC Section 17560(e) and 24667(f).

Credit recapture

Complete Schedule K, line 4, if the organization completed the credit recapture portion of any of the following:

- FTB 3501, Employer Child Care Program/ Contribution Credit.
- FTB 3805Z, Hiring Credit — Enterprise Zone Deduction and Credit Summary.
- FTB 3807, Hiring Credit — Local Agency Military Base Recovery Area Deduction and Credit Summary.
- FTB 3807, Sales or Use Tax Credit — Local Agency Military Base Recovery Area Deduction and Credit Summary.
- FTB 3808, Manufacturing Enhancement Area Credit Summary.
- FTB 3809, Targeted Tax Area Deduction and Credit Summary.

Schedule R — Apportionment Formula Worksheet

Line 1 — Property factor — Owned property is valued at its original cost. Rented property is valued at eight times its net annual rental. Use the average yearly value of owned and rented real and tangible personal property used in the business.

Line 6 — Average apportionment percentage — Divide the total percentage on line 5 by the number of factors that have amounts in column (a). The sales factor must be counted as two factors. Organizations that have all factors would have a denominator of four (property, payroll, and twice the sales factor). However, do not include those factors with a zero in the totals of both column (a) and column (b). If there is no payroll, then you would divide the factor on line 5 by 3.

Schedule C — Rental Income

Important Note: For rental income from debt-financed property, see Schedule D instructions on this page. All organizations except those qualified under R&TC Sections 23701g, 23701i, and 23701n must enter net rental income from Schedule C on Side 2, Part I, line 6.

Organizations qualified under R&TC Sections 23701g, 23701i, and 23701n must include gross rents on Side 2, Part I, line 6 (other than income that is determined to be nonexempt function income) and applicable expenses on Side 2, Part II, line 14 through line 24.

Except in the case of an R&TC Section 23701g, 23701i, or 23701n organization, only the following rents are taxable:

1. Rents from personal property leased with real property, if the rents attributable to the personal property are more than 10% but not more than 50% of the total received or accrued under the lease. In such a case, rents

attributable to the real property are not taxable except as specified in General Information C, Exclusions, and in 2 below.

2. All rents from real property and personal property, if either of the following applies:
 - a. More than 50% of the total rents received or accrued under the lease are attributable to personal property.
 - b. The determination of the amount of the rents depends in whole or in part on the income or profits derived by any person from the property leased, other than an amount based on a fixed percentage or fixed percentages of receipts or sales.

See IRC Section 512(b)(3) requiring a redetermination of the percentage of rent attributable to personal property if either of the following apply:

1. There is an increase of 100% or more by reason of the placing of additional or substitute personal property in service.
2. There is a modification of the lease by which there is a change in the rent charged.

Schedule D — Unrelated Debt-Financed Income

California conforms to the federal law relating to the treatment of certain partnership allocations by the partnership and partnership interests for property acquired after October 13, 1987.

Debt-financed property is any property held to produce income if at any time during the tax year there was acquisition indebtedness.

To complete Schedule D, get the instructions for federal Form 990-T, Schedule E. Use California amounts where there are California and federal differences.

Schedule E — Investment Income of an R&TC Section 23701g, 23701i, or 23701n Organization

Report all income from investments in securities and other similar investment income from nonmembers. Do not include interest received on obligations of the federal government and on obligations of the state of California and its political subdivisions.

Investment income includes all income from debt-financed property whether or not such income is subject to taxation under R&TC Section 23735. However, an R&TC Section 23701g, 23701i, or 23701n organization may set aside income to the extent that it would not be taxable on such income if it were an organization subject to the rules contained in IRC Section 512(a)(1). If income is set aside, attach a schedule showing the computations.

Income and deductions, other than in connection with investment income, are reported in Part I and Part II. For example, nonmember income of an R&TC Section 23701g organization from the use of the club's facilities by the public must be reported on Side 2, Part I, line 1, line 2, and line 3, and the deductions (directly connected) in Part II, line 14 through line 24. (Organizations described in R&TC Section 23701g, see federal Rev. Proc. 71-17 for certain rules relating to nonmember income.)

Schedule F — Income (Annuities, Interest, Rents, and Royalties) From Controlled Organizations

Controlling organizations: See General Information C, Exclusions.

Enter the total annuities, interest, rents, and royalties derived from each controlled organization during the year in Schedule F, column 2. Enter the total deductions directly connected with this income for each controlled organization in column 3.

a. Exempt Controlled Organizations

If the controlled organization is exempt from taxation under R&TC Section 23701, the controlling organization takes into account a percentage of the interest, annuities, royalties, and rents. Compute this percentage by figuring the ratio of the unrelated business taxable income of the controlled organization to the greater of either of the following:

1. The taxable income of the controlled organization (computed as though it was not exempt from taxation under R&TC Section 23701).
2. The unrelated business income of the controlled organization.

Determine both 1 and 2 without regard to any amount paid directly or indirectly to the controlling organization.

b. Nonexempt Controlled Organizations

If the controlled organization is not exempt from taxation under R&TC Section 23701, the controlling organization takes into account a percentage of the interest, annuities, royalties, and rents computed by figuring the ratio of the "excess taxable income" of the controlled organization to the greater of either of the following:

1. The taxable income of the controlled organization.
2. The excess taxable income of the controlled organization.

Determine both 1 and 2 without regard to any amount paid directly or indirectly to the controlling organization.

"Excess taxable income" means the portion of the controlled organization's taxable income that exceeds the amount of taxable income, if derived directly by the controlling organization, would not be unrelated business taxable income.

Schedule G — Exploited Exempt Activity Income, Other than Advertising Income

Generally, California law is the same as federal law.

Schedule H — Advertising Income and Excess Advertising Costs

Generally, California law is the same as federal law.

Schedule J — Depreciation

Corporations and Associations only. Trusts must use form FTB 3885F. Generally, California law is the same as federal law.

Letters

If you write to us, be sure your letter includes the California corporation number, or FEIN, your daytime and evening telephone numbers, and a copy of the notice with your letter. Send your letter to:

EXEMPT ORGANIZATIONS UNIT MS F120
FRANCHISE TAX BOARD
PO BOX 1286
RANCHO CORDOVA 95741-1286

We will respond to your letter within ten weeks. In some cases we may need to call you for additional information. Do not attach correspondence to your tax return unless it relates to an item on the return.

Your Rights As A Taxpayer

The FTB's goals include making certain that your rights are protected so that you have the highest confidence in the integrity, efficiency, and fairness of our state tax system. FTB 4058, California Taxpayers' Bill of Rights, includes information on your rights as a California taxpayer, the Taxpayers' Rights Advocate Program, and how you request written advice from the FTB on whether a particular transaction is taxable. See “Where To Get Income Tax Forms and Publications,” on this page.

Where to Get Tax Forms and Publications
